

Name: _____

What are my adaptations? **KEY**

All animals and plants have parts of their bodies that help them to live and grow. These are called **adaptations**.

We have **adaptations** on our bodies too!

Write the name of a part of the body found in each circle.

Name: _____

What do I use my adaptations for?

Choose one of the circles.

Write down the parts or **adaptations** you named. *Answers will vary based on part of body students choose.*

What do you use these parts for?

Adaptation

How do you use these adaptations?

<i>Eye</i>	<i>Seeing</i>
<i>Nose</i>	<i>Breathing, smelling, etc.</i>
<i>Mouth</i>	<i>Breathing, eating, chewing, talking, etc.</i>
<i>Brain</i>	<i>Thinking, moving, etc.</i>
