

Name: _____

What is a Tide Pool?- Key

Tide pools are very special places. They are home to many animals.

Draw 2 animals you learned about in the story.

Answers will vary based upon the story you read to the students.

You can read any story to your students about tide pools. One of our favorites when introducing tide pools is *In One Tidepool* by Anthony Fredericks.

Do you think it is easy or hard for animals to live in **tide pools**? ____ **hard** ____

Why do you think that? ____ **Animals in tide pools have to survive the movement of the tides. They don't want to dry out. The waves can be tough on little animals. Also, there are many predators that look for food in tide pools.** ____

What else is in a **tide pool**, besides animals?

____ **Tide pools also contain rocks, seaweed, and water.** ____

Name: _____

Draw your own **tide pool**. Don't forget the animals, seaweed, water, and rocks!
